

GST & Exhibitors

On 1st July 2017 the Government of India implemented the unified “Goods and Services Tax” (“GST”). GST replaces various other indirect taxes levied in India including Service Tax, Sales Tax and Value Added Tax (VAT).

GST of 18% applies to all services provided by the Exhibition Organizer to Exhibitors, replacing the previous Service Tax of 15% which applied prior to 1st July 2017. GST will be automatically added to every invoice raised by the Exhibition Organizer, in addition to the price charged for the services provided.

In most cases, the GST paid by the Exhibitor shall be available as an input tax credit, able to be used by the Exhibitor to set off against their output tax liability arising from their supply of goods or services in India, (subject to certain conditions).

Different rules apply to Exhibitors who are based overseas. Accordingly, Overseas-based Exhibitors should seek independent tax advice regarding the availability for any credit of GST paid in India.
